Description

Early C20th Edwardian period polished brass and leather seated 'club' fender of restrained design. The moulded and stepped brass kerb base with simple turned circular rail uprights supporting the green leather padded seat. The interior of the seat with polished brass facings. In excellent strong and stable condition with only minor dents and marks to the kerb base commensurate with age, use and purpose. The leather seat having been recovered approximately 50 years ago. The brass having a brightly polished surface, the leather seat having achieved a pleasing mellow colour and surface. Of practical scale and proportions. H 23" W 59" D 21" D (interior) 14" England c.1870
