Description

A beautiful antique Victorian carved walnut mirror, made in England and dating from around the 1850-1870 period. It is of outstanding quality and has a lovely, tall design. The solid walnut frame has a gorgeous colour tone and patina, there is crisp and intricate carving. We have given this a clean and wax polish, it is in excellent condition for its age. The wooden panels on the back have a small section missing at the bottom, the mirror is still held very securely and obviously this is not visible when mounted. There is also some minor wear to the silvered backing of the mirror, which is the original mirror. Width - 22 inches , 55 cm Depth - 2 inches , 5 cm Height - 52 inches , 132 cm
