Description

A good quality brass stick stand dating from the early 20th Century. It is a useful Demi-Lune shape with a flat back and its original drip tray. It is nicely made and the brass uprights have turned finials. It is in good condition for its age and is strong and sturdy. The brass has tarnished a little over time and we have only lightly cleaned it to retain its natural patina. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £20
