Description

A good example of a Sterling Silver milk or cream jug. It is an elegant Georgian design with a beautifully shaped handle and elongated spout standing on a round foot. The jug is stylish and good quality, weighing approximately 111g. It is hallmarked for Chester, 1908 and the makers George Nathan & Ridley Hayes. The jug is in good condition for its age. There are some faint surface marks and light signs of age and use and a few small dinks around the foot but nothing detrimental and it still displays well. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
