Description

Unusual design 19th century painted pitch pine stool of very good quality. I think this may have originally been an organists stool. Great shape to the base with what looks like the original paint. Stunning pitch pine top with a rounded edge. The stool is in very good condition although I think it originally had a stretcher. Sturdy with no movement at all. SIZE; 30" wide by 11" deep by 25" high. Because the legs are splayed out 17" wide at the base. CIRCA; 1880 - 1900
