Description

This bookcase is in good condition we have professionally stripped it chemically so it is nice and light. We then sanded it and waxed it in a lovely oak wax giving it a stunning appearance. The bookcase would look well in an old or modern property but particularly great in a victorian property either side of a chimney breast. This bookshelf is in two pieces making it easier to move into a property. The bookcase stands on a square plinth supporting the main section. There are two doors to the bottom. Behind there is a shelf for storage. The top is in good condition with a rounded edge. The top sits neatly upon the base and has two glazed doors. Behind these doors there are shelves for storage. The top has a standard graduated cornice. The height is 221cm, the width is 103cm and the depth is 46cm.
