

SA1149055

Stunning pair of Gold & large
Amethyst drop earrings.

Price

Sold

Item Reference: SA1149055

Date of manufacture: 1960

Description

This is a rather spectacular pair of vintage amethyst earrings. Testing as 14ct yellow gold the marks on the wires have become fairly indistinct. The stones catch the light incredibly due to the surface chequerboard cut on both sides of the pear drop shape. The stones are mounted into bevelled wires of gold which swing freely from the gold "french wires". The earrings have overall drop of approx 29mm The stones overall drop approx 17mm and widest girth approx 16mm. Truly beautiful pair of amethyst earrings

Internal Ref: GIN /cg
