Description

A lovely brass tabletop gong dating from the early 20th century. It is a nice quality piece with an arched brass frame supporting the gong and it comes with its original beater. It is in good condition for its age and has been lightly cleaned and polished. There are some signs of age and use, some tarnishing on the brass and some old marks and knocks but nothing detrimental and overall it displays very well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £10
