## Description

A compact antique walnut chest of drawers with a two-over-three arrangement, likely British and dating to the early 20th century. The drawer fronts are veneered in bookmatched burr and figured walnut, framed by crossbanded borders. Each drawer is fitted with pierced brass backplates and swan-neck handles. Raised on bracket feet with a shaped apron, the piece combines practical proportions with decorative grain variation. A traditional storage piece suitable for bedroom or hallway use.
