Pair of Late 19th Century Walnut & Wrought Iron Tables

Price

Sold**Item Reference: SA1149324****Date of manufacture: 19th Century**

Dimensions

Height = 66.5 cm (26.2")

Depth = 44 cm (17.3")

Description

A pair of late 19th-century side tables combining solid walnut tops with decorative wrought iron bases. Each features a single frieze drawer with drop handles and hinged drop-leaf sides. The ornate cast iron legs are pierced and scrolled, with paw feet mounted on wooden platforms. Variations in the ironwork and top detailing suggest the tables may have been individually adapted or made to complement each other. Suitable as lamp tables, bedside tables or hallway accents.

Internal Ref: 47271
