Description

An exceptional, fine and impressive vintage George VI English sterling silver photograph frame; an addition to our vintage silverware collection. This exceptional, fine and impressive vintage sterling silver photo frame has a rectangular shaped form with an oval internal window. The surface of this impressive antique silver picture frame is plain and unembellished, with an embossed undulating border. The frame is surmounted with the applied monogram initials 'CMR' and a coronet, with the additional wreath bordered crowned Roman numerals 'XXXIX' - 39 to the lower portion. This fine example of antique silverware is fitted with the original impressive oak frame back and hinged strut, securing with a swivel catch to the apex. The silver photo frame is inset with a removable glass panel. This unusual and rare example of vintage silverware is the finest of its type you could hope to acquire. A vintage silver picture frame is a timeless gift for weddings, anniversaries, christenings or birthdays - a refined way to celebrate cherished memories and add enduring elegance to any space. Condition This antique silver photo frame is an exceptional gauge of silver for its type, ...
