Description

A wonderful example of Edwardian whimsy - a solid sterling silver pin cushion fashioned as a vintage car, although not, of course, vintage when this was designed and manufactured. The base is clearly hallmarked for Birmingham 1906 with the maker's mark of Levi & Salaman. There is also a Patent Registration number. Other than one small pin prick on the back (as shown in the penultimate picture), the silver is in an excellent, although uncleaned, condition. The cushion has been replaced at some point and the item is priced accordingly. Dimensions: Length: 5.5cm Width: 4cm Height: 3cm. Complimentary gift wrapping is available on request. Post and packaging are free within the UK. Overseas buyers please e-mail for postage costs and please note: Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the buyer's responsibility. Please check with your country's customs office to determine what these additional costs will be prior to buying.
