Description

Mid-size 1950s Wittnauer wrist watch. The watch has a fully signed 17 jewel hand-winding movement, calibre 10S, which is working nicely. The watch measures 25mm wide excluding the winding crown, and 27mm high excluding the lugs. The handsomely shaped case is 10k gold filled and it is in lovely condition, just the odd minor mark but nothing too noticeable at all. The inside of the case back is signed with the Wittnauer name. The convex lens is in lovely condition. The signed dial is in its original finish with original feuille shaped hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
