Description

A very interesting antique embossed leather top nest of tables, made in England & dating from around the 1910 period. The leather tops depict Aztec or possibly Inca gods, they have exceptional details and are extremely well made. The frames are mahogany, with beautifully turned legs and serpentine shaped lower frieze edges. The condition is excellent for their age, we have given them a clean and fresh wax polish. I would date them to around the 1910-20's period. Width – 20 inches , 51 cm Depth – 18 inches , 46 cm Height – 24 inches , 60 cm
