## Description

Antique silver Omega pocket watch and chain. The watch has a stem-winding movement which is working nicely. The movement is signed with the small Omega logo, and it is all protected by an inner hinged cover which has a little unevenness. The watch measures 47mm diameter excluding the winding stem and the loop. The case is 935 silver so slightly purer than sterling silver. The inside of the case back has the Omega logo. The case has the odd small mark and some unevenness to the hinged case back. The acrylic lens is in good condition. The dial is in good condition. The watch comes with a single silver chain, 29cm long including the T-bar and the clasp. The chain weighs 27g. The watch and chain come in a new presentation box.
