Description

A beautiful and very well made antique burr walnut cascading open bookcase. This was made in England, it dates from around the 1900-1920 period. It is of superb quality and has a gorgeous design, it is also a very useful size. The sides and top are beautifully shaped, this has two useful drawers in the lower section, and it sits on cabriole legs. We have had this revived and re-polished, it is in very good condition for its age, with just some minor wear remaining beneath the polish. There has been a very slight bit of movement on the sides, this is not noticeable at all unless viewed from the back, it is seen in the close up images. Width – 26 inches , 66 cm Depth – 11 inches , 28 cm Height – 42 inches , 107 cm
