Description

An extremely decorative English Japanned chest of drawers on stand. The gilt brass hardware employed throughout is of excellent quality. Consisting of two short and two long drawers and standing on an elaborately shaped square section stand base, this chest relies on the contrast between the wonderful pale Cream background and gilt highlights for its decorative impact. The gilt cockbeadings to each drawer act as frames for the decoration. This piece is well executed with areas of varying relief. The scenes chosen to be depicted here show figures in magical landscapes with pagodas, palaces and bridges all highlighted in gilding. Good overall condition.
