Description

Antique 19th Century Oval Gilt Framed Mirror with Mirrored Border A striking and elegant 19th-century oval mirror, exquisitely framed in richly carved giltwood. The frame is adorned with classical decorative motifs, including laurel leaves, floral garlands, and a ribbon crest at the top, showcasing the ornate craftsmanship of the period. What sets this piece apart is the delicate row of small inset mirror panels surrounding the main central oval mirror plate. These mirrored borders are embedded into the carved gilt frame, adding depth, luminosity, and a subtle play of light that enhances the overall grandeur. This mirror is both a statement decorative element and a beautiful example of 19th-century design—ideal for hallways, sitting rooms, or above mantelpieces in traditional or eclectic interiors. "There is scarcely anything in the world that some man cannot make a little worse and sell a little more cheaply. The person who buys on price alone is this man's lawful prey."
