Description

Antique Omega pocket watch and chain. The watch has a stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 4,899,661 which dates it back to 1912. The lens is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is gold plated. The front is in good condition, there is some rubbing to the back of the watch. The acrylic lens is in good condition. The signed dial has Breguet style hands and numbers. There is a small chip to the edge of the dial by number 5 but it is not too noticeable to the naked eye. The watch comes with a single chain, 38cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
