Description

Omega pocket watch, 1969. The watch has a good quality 17-jewel calibre 830 stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 29,240,733 which dates it back to 1969. The watch measures 48mm diameter excluding the winding stem and the loop. The case is chrome plated. The front is in good condition, the case back has general fairly light surface marks and a hint of unevenness. The inside of the case back has the reference 121.1726 which is correct for the calibre 830, together with the Omega logo. The acrylic lens is in good condition. The signed dial is in its original finish with original feuille shaped hands, subsidiary seconds dial and outer minute track. The watch comes in a new presentation box.
