Description

1930s Revue pocket watch and chain. The watch has a Swiss stem-winding movement which is working nicely. The movement is signed Revue GT (the GT standing for Gédéon Thommen who, along with Louis Tschopp, acquired Société d'Horlogerie à Waldenbourg in 1859. In 1905, the name was changed to Revue.) The watch measures 45mm diameter excluding the winding crown and the loop. The case is chrome plated and has a super harlequin pattern to the back. The case is in lovely condition and the detail is still crisp. The acrylic lens is in good condition. The dial is signed with the name of the original retailer, Albert Meyer, Bale (Norfolk). The dial is in its original finish with a Harlequin finish to the centre. Breguet style numbers and hands. The watch comes on a single chain, 29cm long including the clasps. The watch and chain come in a new presentation box.
