Description

One of the most special Breakfast dishes I have come across in some time, we only ever purchase them when they are particularly special, this one by top London silversmiths, Mappin & Webb. The dish stands on four highly decorative fluted legs. The dome is simple with an elegant fluted design. The revolving lid is kept closed with the help of a key on a chain. When the knob at the front is pushed back the dome revolves to reveal the two original shallow trays. These are perfect on a buffet to serve either hot (with hot water beneath) or cold (with crushed ice below) dishes; a very impressive addition to any occasion. A quality late Victorian / early Edwardian example in superb condition dating to c.1900. 11" handle to handle x 7 1/4" (plus knob) x 8" tall to top of dome. Item: 41298
