Description

We are delighted to offer this beautiful antique solid silver enamel box, with marks for Steinhart & Co, Birmingham, 1904. This box features larger than normal dimensions, allowing for ample room on the top surface to be embellished and enamelled. The lid features a wonderful rose design with white guilloche enamel with a hint of green hue in the background. The box is made from an excellent gauge of silver with a very heavy feel in hand, almost to the extent it could be used as a paperweight - a sign of quality and "no costs cut" craftsmanship. The interior is also fully gilt, which not only presents a lovely contrast with the external silver colour but also provides a layer of protection from the contents inside oxidising/tarnishing the silver. Owing to its versatile size and hefty quality, it would most definitely grace a table, whether it be as a table snuff box, storage of small objects or as a confectionary container. Overall, a beautiful piece of quality enamel silverware, ideal for lovers of floral enamelware and a wonderful piece for collections, display or practical usage. A full set of English hallmarks are present on the side of the box. *Please note...
