Description

Always a joy when I find these original Victorian carpet covered chairs. This model is particularly large size with unusual design with the scroll back and pillow arms. The carpet is for the most part clean condition and vibrant in colour. There is a small hole on the top of the back scroll and the braiding around the edge are a little thin. But perfectly useable and all original. Although I am selling this as a carpet chair we can always upholster this should you like the design but not the carpet. Just get in touch.
