Description

An original Aspirator dating from the late 19th / early 20th Century by J.Weiss & Son. As well as the glass syringe it comes with 4 various size needles / canulas. The set comes in its original silk and velvet lined fitted case with the makers name embossed in gilt letters "J.Weiss & Son, 62, Strand, London". It is in good original condition and makes an interesting collectable item. There are some minor age related marks and the metal has tarnished over the years but there are no major damages. The box has some small scuffs and marks and the inner elastic holding the needles in place has perished in places but overall it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £8
