Width = 27 cm (10.6")

Depth = 9.5 cm (3.7")

Description

Clockwise is pleased to have for sale this lovely eight day Astral Admiralty Patter AP160174 engine room clock with outer case hand setting and hack controls. Dating from the 1950's these clocks were issued to British naval warships and aircraft carriers. This stunning clock has a beveled glass hinged lid and the dial and heavy brass case are in excellent original condition; there is the usual fine timing adjustment on the 8 inch dial and the original hands and bevelled glass to the hinged front locking door finish off this lovely piece. The outer controls to the case were designed to enable the clock to be used more robustly and extend its life. The high quality movement is fitted with a fine lever escapement platform and the entire piece has just been fully dismantled, serviced and cleaned. The dial is in fantastic condition and the clock is covered by my three year warranty. This is just one of many ships clocks I have for sale. Clockwise specialises in longcase and bracket clocks and with clients from the world of business, film, sport, royalty and aristocracy - yet more than happy with traditional clients - Clockwise has an unrivalled reputation for excellence and s...
