Description

A lovely antique pine sideboard dating from the late 19th / early 20th Century. There are three small drawers, each with turned wooden knobs, above a large cupboard with two panelled doors. It has a shelved interior and stands on turned bun feet. The drawers open smoothly and the drawers and cupboards are generally clean and tidy inside. It is in good condition and the pine has a nice warm colour. It has been gently cleaned and waxed, retaining its lovely aged patina. There are signs of age and use, some marks and knocks here and there but no major damages or anything detrimental. There are some signs of historic worm in the back and the base which has all been treated as a precaution and hasn't affected it structurally or aesthetically. It displays very nicely and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
