Description

A very pretty antique Victorian shell back armchair, circa 1870, the serpentine shaped sprung seat with central carved detailing and raised on scroll supports raised on original brass and porcelain castors. Upholstered in a peach coloured damask fabric with rope detailing. In good condition throughout, the seat and springs are good. The fabric is a little grubby in places and would benefit from a steam clean but is very useable. I can however arrange re-covering and supply fabric if required - please get in touch for further details.
