Description

Heals of London 1920's Teak Garden Dining Set A lovely set of solid teak antique garden dining furniture by Heals of London in the twenties. These are becoming increasingly difficult to find in such original and intact condition. This model has just been cleaned and washed and will silver down quite quickly. This Heals antique garden dining set has silhouette urn shaped table legs with an under shelf and a slatted teak table top. The four teak garden dining chairs fit neatly under the table to form a cube when not in use. In excellent, strong condition. Dimensions Height: 74cm (29.37") Width: 92cm (36.51") Depth: 92cm (36.51")
