Description

Small but very beautiful. This little gem is a 19th Century mirror plate mounted in its original hand carved frame. A rare piece. The thick mirror plate exhibits a couple of mild oxidation spots as commensurate with age, however the the reflective plate is in superb condition given the age. The frame is hand carved and gilded in a Baroque fashion. All in all a fantastic and genuine antique with no damage. Dimensions 30 x 35 cm Sure to look great in any home environment, be it traditional period or contemporary
