Description

Antique George III quality mahogany banjo barometer having a pediment shaped top, engraved silver dial with original hands, thermometer, hydrometer and spirit level by J Currotty in a wonderful quality mahogany case. A quality example of desirable proportions and in good working order. Dimensions: Height 96 cm (37.79 in) Width 20 cm (7.87 in) Depth 3.5 cm (1.37 in). Dated 1820. Condition Note: As with all antique barometers, due to their age and sensitive nature, we are unable to guarantee that the instrument is in full working order. The barometer is offered as a decorative and collectible piece.

Internal Ref: 2048
