Description

A smart and extremely well made pair of antique inlaid walnut bedside cabinets. They were made in England, they date from around the 1890-1910 period. The quality is amazing, they have a great look and are a very useful size. The tops and door fronts are cross banded with double herringbone inlaid borders, the walnut has stunning grain patterns and colour tones. They have beautifully moulded edges and stand on bracket feet, the drawers have high quality brass handles and fine, hand cut dovetailed joints. The construction is very solid, they are very strong and sturdy. We have had them re-polished, they have a gorgeous overall patina and display some historical signs of wear beneath the polish here and there. Width – 23 inches , 59 cm Depth – 16 inches , 41 cm Height – 26 inches , 66 cm
