Description

A handsome portrait captures a stately woman in sombre dress, framed by a pristine white collar and traditional bonnet. The subtly graduated dark background enhances her quiet poise, while the ornate gilt frame—decorated with scrollwork and floral accents. Minor imperfections are present, including a tear in the canvas and a small area of frame damage, both documented in the images provided. These signs of age contribute to the work's antique charm and historical resonance. Stamped on the reverse is Geo.
