Description

1949 Bulova 'His Excellency' wrist watch. The watch has a 21-jewel 7AK hand-winding movement which is working nicely. The movement is fully signed and it has the date code for 1948. The watch measures 21mm wide excluding the lugs and 29mm high excluding the lugs. The case is 10k gold filled and it is in good condition for a 1940s piece, just light rubbing to the fronts of the lugs. The curved lens has a couple of short minor scratches if you look very closely. The signed dial is in its original copper coloured finish with original hands, a subsidiary seconds dial and outer minute markers. A "new old stock" leather strap has been fitted. The watch comes in a new presentation box.
