Description

Size: 5ft 9in x 10in (175 x 25cm). A rare antique fragment of a piled Kyrgyz tent band, these are known locally as 'tegerich'. 2nd half 19th century. This example is the end section of a much longer tent band, complete bands can be up to 8 meters (26ft) in length, the bands were used as internal decoration inside the yurt. The design has a repeat floral design in the central panel and a reciprocal outer border on each side, it is normal for one outer border to be wider than the other, the wide border would be placed at the top when the band was displayed inside the yurt. The colours are excellent with a very warm glow. Good original condition with some wear and losses, there are some historic marks to the reverse. (We have not washed this item). Stock Number: D-1221.

Internal Ref: D-1221
