Description

A superb pair of German Art Deco solid silver serving spoons. They are hallmarked with the German crescent moon and crown mark, the 800 standard mark and a makers mar. I would date them to c1910. They have been beautifully designed incorporating swags of roses. They are in super condition being free from dings splits distortions and repairs. They measure approx. 7.25 inches (18.3cm) long by almost 1.75 inches (4.2cm) wide and have a combined weight of 82 grams. A very nice quality set.
