Description

A superb pair of antique French burr walnut bedside cabinets. They were made in France, and they date from around the 1920's. They are of fine quality and are a very useful size. The walnut is beautifully figured with stunning grain patterns and a lovely colour tone. They sit on cabriole legs with carving at the knees, feet and around the top edges. There is plenty of storage space inside the cabinets which each have a single removable shelf. We have had these recently stripped and re-polished, the condition is excellent for their age. Width – 16 inches , 41 cm Depth – 17 inches , 43 cm Height – 28 inches , 71 cm
