Description

A large antique pine mule chest dating from the mid 19th Century. The lid lifts up to reveal a large storage compartment and it has two drawers below with brass plate handles. It is a good quality piece with a panelled construction and it comes with its original working key. It is in good original condition throughout and is strong and sturdy with a lovely warm patina. The hinges are in good order and the interior is clean and tidy. There are signs of age and use, some minor marks and knocks and a couple of minor old repairs but nothing detrimental. It has been cleaned and gently polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
