1920s Advance full hunter pocket watch

Price

Sold**Item Reference: SA1158431****Date of manufacture: 1920**

Description

1920s Advance full hunter pocket watch. The watch has a good quality Swiss 15-jewel (2 adjustments) stem-winding movement which is working nicely. The movement is signed with the brand name Advance. The movement is protected by an inner hinged cover with three small "dings" to the centre. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was the Star model made by the English based watch case company Dennisons. The case has light surface marks but overall it is in nice condition for its age. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in nice condition. The white enamel dial is in nice condition with original blued steel hands. The watch will be sent in a new presentation box.
