Item Reference: SA1158600

Date of manufacture: 1890

Description

Large size, mahogany cased, wind speed meter by Negretti & Zambra. Six inch diameter. Has a label in lid for award of a silver medal for this item, at the international inventions exhibition. Good all round condition and in full working order. There were many smaller gauges made, but this example at 6" diameter is quite rare. Small areas of damage to wooden case, as can be seen in third pic.
