Description

A wonderful original antique Regency period caned mahogany sofa. This was made in England, it dates from around the 1815-1830 period. It is of superb quality, with a beautiful and impressive design. The ends are elegantly scrolled, this stands on lovely sabre shaped legs which have original brass hairy paw ball casters. The back and sides are beautifully caned, the seat base is also caned beneath the cushions. The back rest slots in place and can be lifted off completely. We have had the frame sympathetically re-polished, the seat cushion and bolsters have been copied from the original and newly made. This is in excellent condition for its age. The cane work under the seat cushion has one tiny area of fraying, which is seen in the images but obviously not seen when the cushion is in place, it doesn't affect the strength of the seat. Width – 83 inches , 210 cm Depth – 26 inches , 66 cm Height – 35 inches , 89 cm Seat height – 46 inches , 46 cm
