Price

Sold

Item Reference: SA1160081

Date of manufacture: 1900

Dimensions

Height = 48 cm (18.9")

Width = 28 cm (11.0")

Description

A rare and stylish pair of Arts and Crafts wall lights with a great look dating from around 1900. The gilt metal lanterns have their original amber glass shades in perfect condition that would give a lovely warm light at the front of a property and they would particularly suit a house from the early 1900s. The gilt metal design in a torch or cone style has scrolling metal supports for the coolie shaped lids so these have a most interesting and attractive look. Wired ready for use the lights measure 48 cms in height. They are 28cms in diameter at the lids and project 24 cms from the wall. UK insured packing and delivery is £25
