Description

Size: 9ft 6in x 7ft 10in (290 x 240cm). Antique Ersari Turkmen main carpet from Northern Afghanistan. Circa 1890. The carpet has 3 rows of 6 large Ersari Suleyman type guls with interesting linked star minor guls and other filler elements in the field. The main guls are of a good large size and octagonal in shape. The random filler elements in the field point to tribal origin. The carpet has an Ersari 'star' border. The carpet has a warm red field colour with the guls drawn in blues and brighter shades of red. Note the row of small flowers / shrubs at the top end before the kilim. The carpet is in good condition with even wear and medium pile. The top end retains the original kilim end finish, the lower end is slightly reduced and has been over-bound in cotton at some point in the carpets history. The carpet is suitable for normal domestic use. Stock Number: DS-1462.
