Description

An absolutely stunning antique figured walnut chest of drawers. This was made in England, it dates from around the 1910-20's period. It is of extremely fine quality, with a beautifully shaped front, sitting on short turned legs. This has a cross banded top, the drawers have lovely brass handles and fine, hand cut dovetailed joints. The figured walnut colour tones are beautifully warm, and the grain patterns are incredibly striking. We have had this recently re-polished, the condition is superb for its age, with some minor wear remaining beneath the polish here and there. Width - 26 inches , 65 cm Depth - 17 inches , 43 cm Height - 38 inches , 96 cm
