Description

A lovely oak letter box dating from the early 20th century. It was likely originally made for a church or school and has a gothic style carved window. It has a letter slot on the top and an applied metal label with matching escutcheon. It is well made with a hinged lid and it comes with a working key. It is in good original condition and has a lovely patina. There are some general signs of age and use, some minor marks and a small chip on the front corner (see photo) but no major damages and it displays well. It has been cleaned and lightly polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
