Description

A mid-century Finnish silver pendant by Kupittaaan Kulta. One of the rings carries all the marks for Finland and the makers mark. The bottom ring has Swedish marks on it, which would indicate that it was imported into Sweden at some point. Silver chain is marked 835S, I don't think it is the original one. The pendant has been constructed with two pieces joined together. Lovely condition. Pendant drop 4 x 2 cm Chain length 21 cm
