Description

A good example of a pair of antique Sterling Silver candlesticks. They are a short squat design and were likely made to be used on a desk. They are stylish pieces with a gadrooned band around the base and the top. They are good quality with a weighted base and they come with both of their original removable sconces. They are both hallmarked for I S Greenberg & Co, Birmingham, 1902. They are in good condition for their age. There are some minor dents around the bases and some light surface marks, knocks and signs of age and use but overall they display well. They have been gently cleaned and polished and are ready for use. Approximate Measurements : Height : 4 1/4" / 11cm Base Diameter : 4" / 10cm. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £10
