Description

In the 1960's Smiths produced a range of high end 30 hr manual clocks with a distinctly Art Deco feel to them. This handsome chap is a surviving example, in great condition. The number dial is chrome, as are the hands, feet & base. He is virtually silent, and keeps remarkably good time. This clock is an absolute delight. This glamorous clock features a chrome bezel with fretted out numerals and a mirrored blue glass dial. The clock as with all our clocks are fully tested and restored by our horologist so comes to you in full working order. Condition is as good as one could expect from something nearing 60 years old. We've had this clock fully stripped down, each part cleaned & re assembled. FREE UK DELIVERY
