Description

Antique silver William Ehrhardt half hunter pocket watch, 1917. The watch has an English 7-jewel stem-winding movement which is working nicely. It is all protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the three covers for Birmingham 1917, with a maker's mark for William Ehrhardt. The case is in good condition, just a very slightly flattened area to the side. The front cover has a small lens surrounded by enamel filled Roman numerals. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in good condition. The dial is in lovely condition with original pin-set blued steel hands, including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a new presentation box.
