Description

Heavy antique silver Hamilton pocket watch, c1900. The watch has a 17-jewel grade 924 stem-winding movement which is working nicely. A good quality movement with a Goldthwait patent regulator, screw set jewels and Breguet hairspring. The movement is fully signed and it has the serial number 130,238 which dates it back to 1900. The watch measures 57mm diameter excluding the winding stem and the loop. The case is silver and was made for Hamilton by Dueber. The front and sides of the case are in good condition, the screw-on case back has a little unevenness. The glass lens is in lovely condition. The signed dial is in good condition with lever set blued steel hands, a sunken subsidiary seconds dial and red outer numerals. The watch comes in a new presentation box.
